TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newport, qualified to vote on Town Affairs: You are hereby notified and warned to meet at the Town Hall in said Town of Newport on the second Tuesday of March next at nine o'clock in the forenoon to act on the following subjects:

ARTICLE 1. To elect the following officers: One Selectman for a term of three years; a Town Treasurer and a Town Clerk for the ensuing year; a member of the Trust Fund Commission for a term of three years; a member of the Cemetery Commission for a term of three years; one Water and Sewer Commissioner for a term of three years; a Collector of Taxes for one year; a Highway Agent for one year; also a Police Force for one year and establish their hours of labor; and all other Officers, Auditors, Agents and Committees necessary for the transaction of the Town's business for the ensuing year.

ARTICLE 2. To see if it is expedient to revise the Constitution.

ARTICLE 3. To see if the Town will vote to appropriate the following Budget amounting to \$46,050.00, to be allocated as follows:

| | | | |
|------------------------|-----------|------------------------|----------|
| Town Officers' Sal. \$ | 3,500.00 | Town Officers' Exp. \$ | 2,350.00 |
| Election & Reg. | 350.00 | Municipal Court | 800.00 |
| Town Hall | 2,200.00 | Police Dept. | 5,000.00 |
| Fire Dept. | 6,500.00 | Nurses' Asso. | 1,200.00 |
| Health Dept. | 900.00 | C. F. Wright Hosp. | 4,500.00 |
| Highway Dept. | 12,000.00 | W. P. A. Projects | 3,000.00 |
| Richards Free | | Memorial Day | 200.00 |
| Library | 500.00 | Parks | 300.00 |
| Soldiers' Aid | 400.00 | Skating for common | 300.00 |
| Playgrounds | 750.00 | | |
| Cemetery Dept. | 1,300.00 | | |

ARTICLE 4. To see if the Town will vote to raise and

appropriate the following Budget amounting to \$158,494.59, to be allocated as follows:

| | | | |
|-----------------|-------------|------------------|-------------|
| Street Lighting | \$ 8,100.00 | Welfare Dept. | \$ 6,000.00 |
| Sewer Dept. | 1,600.00 | Old Age Asst. | 2,600.00 |
| Water Dept. | 4,700.00 | Interest | 14,300.00 |
| Town Debt | 8,000.00 | Disc. on Taxes | 1,500.00 |
| Public Schools | 69,637.15 | State Tax | 12,928.00 |
| County Tax | 28,979.44 | Vital Statistics | 150.00 |

ARTICLE 5. To hear the reports of the Selectmen, Town Treasurer, Auditors and Committees heretofore chosen and pass any vote relating thereto.

ARTICLE 6. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on the notes of the Town in anticipation of taxes, and pass any vote relating thereto.

ARTICLE 7. To see if the Town will vote to allow 3% discount on 1937 taxes paid on or before June 1st; 2% discount if paid on or before July 1st; 1% discount if paid on or before September 1st.

ARTICLE 8. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds.

ARTICLE 9. To see if the Town will vote to reinstate the salaries of the Town Officials, to an amount equal to the amounts which were paid during the fiscal year ending January 1st, 1932.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$880.40, provided the State of New Hampshire donates \$3,521.61. Said amounts to be expended on our class five roads.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$3,000.00, to be used for oiling the highways of Newport.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$400.00 for the purpose of extending the sanitary sewer system on North Street and Cheney Street Extension.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the purpose of constructing an adequate surface sewer drain on Oak Street.

ARTICLE 14. To see if the Town will vote to discontinue a certain highway in the Town of Newport, which extends Southerly from the Old Cornish Turnpike at a cross-roads designated 1559 on the U. S. Geological Survey Map, Claremont Quadrangle, (being the first cross-roads Southeasterly of the North West corner of said Town), and continues Southerly by the summer camp of Dr. H. S. Satterlee, known as Perry Brook Lodge, until it meets the old Cathole Road, so-called, and pass any vote relating thereto.

ARTICLE 15. To see what action the Town will take with respect to acquiring the property of the Albert N. Parlin Field, Inc., and operating the same as a municipal airport, and pass any vote in relation thereto.

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to be used to extend the cement sidewalk from the Gordon Woolen Mills to the Chateau Poultry Farm, this distance being about eight tenths of a mile.

ARTICLE 17. To see what action the Town will take relative to furnishing free of charge the use of the Town Hall to the Newport School District, for such athletic contests, dramatic presentations and other school functions and uses, which shall, in the opinion of the School Board, be acceptable.

ARTICLE 18. To see if the Town will vote to authorize the appointment of a Finance or Budget Committee to act as an advisory board on municipal finances. Appointment to be made by the Moderator, and not more than eight of the appointed fifteen to be of any one political party.

ARTICLE 19. To see if the Town will instruct the Cemetery Commissioners to remove the line of pine trees running across the North Newport Cemetery at right angles to the highway and to see what sum of money the Town will raise and appropriate therefor.

ARTICLE 20. To see if the Town will vote to raise and appropriate the sum of \$300.00 for the collection of garbage for the ensuing year.

ARTICLE 21. To transact any other business which may legally come before said meeting.

Given under our hands and seal at Newport, New Hampshire, this 20th day of February, 1937.

MAURICE H. CUMMINGS,
JESSE R. ROWELL,
LEON E. KEMPTON,

Selectmen of Newport..

HARRY E. JAMESON, Town Hall Agent.

HEALTH OFFICER'S REPORT

To the Citizens of Newport:

I was appointed as your Health Officer on December 8, 1936. During that time there have been reported three cases of scarlet fever, all of which were quarantined according to law.

All three cases appeared to be very light, the patients recovering without any apparent ill effects from the disease.

There have been nine complaints made to the Health Officer, none of which were of a very serious nature.

Each case was personally investigated and the cause of the complaint corrected or a promise received of a correction to be made in the immediate future.

I have been informed by the Staff Nurse of the State Board of Health that there have been two diphtheria immunization clinics held during the entire fiscal year. Total number of children receiving treatment was 104.

State nurses have made 44 visits to the town.

Three tuberculosis clinics were held during the year and 84 patients examined by Dr. Robert B. Kerr, secretary and examining physician of the N. H. Tuberculosis Association.

Five positive and four suspicious cases of tuberculosis have been found among 51 new patients attending the clinics.

Through an arrangement with the local hospital to provide X-ray of the chest for clinic cases at a minimum cost, advancement has been made in the early diagnosis of cases.

Over 100 persons are under supervision of the clinic and field nurse, either as active, suspicious or contact cases of tuberculosis.

Six patients have received treatment at New Hampshire Sanatoria as recommended at the clinic.

Inasmuch as the Health Office is an agency established for the benefit, not of a select few, but for the entire population of the town, it behooves us all to cooperate to the end that the results attained will be worth the time and money spent for same and not be simply an idle gesture all to little or no avail.

Therefore that this may be accomplished I urge all of the citizens of Newport to give me their fullest cooperation so that Newport, as well as being one of the most beautiful towns in the State, may also be one of the most healthy.

Respectfully submitted,

EDWARD J. MALEY, Health Officer.

| Weights and measures | 1 |
| Transient lodgers | 425 |
| Business places found unlocked | 70 |
| Complaints investigated, no court action taken | 418 |

Respectfully submitted,

FREDERICK M. GUNN,
Chief of Police.

REPORT OF CHIEF ENGINEER OF THE FIRE DEPARTMENT

To the Selectmen of the Town of Newport:

I herewith submit my annual report of the conditions and services of the Fire Department for the past year.

It has been the most active year in the history of the organization. They have responded to 163 calls in the 12 months, 22 bell alarms and 141 still calls, 10 of which were for assistance to our neighboring towns.

While our losses have been somewhat heavier than for a number of years, still we should be grateful that they were no larger considering the seriousness of conditions at the two principal fires that caused the bulk of most of the loss, namely the Sugar River Manufacturing Company, which occurred October 8th, and the Kendall Block fire, which occurred October 18th. In the case of the Sugar River Manufacturing Company, there was delay in the discovery of the fire, which had attained great headway before the alarm sounded, but by prompt response of the Department and hard and difficult work, the fire was confined to a small area, loss being mostly to stock-in-trade. The Kendall Block fire was the most serious condition the Department has had to confront for a long time, it being located in the cellar, where it attained great headway. Inaccessibility and a dense smoke condition required not only very severe hardship, but courage and perseverance. The extent of the damage and danger under which the Department labored was manifest after the fire was out. The floor timbers were nearly consumed and the floor settled a number of inches. It would have required but a very little more burning to let the floor collapse entirely with possible loss of some of the firemen.

I cannot speak too highly of our arrangements at the Fire Station in having a portion of the Department occupying rooms in the building. It has saved a good many dollars of loss, which would have taken place by delay if men had not been located there to give prompt response to alarms. This is

recognized by visitors, who have visited our quarters, and a number of towns are considering copying our idea in this manner. During the year, we have refinished and decorated the interior of the Engine House and made necessary repairs, the first general work that has been done since the building was erected. It is now in first class condition, and equipment all in good condition. It will, however, be necessary to replace 500 feet of old hose by new, which will have to be provided for this year.

In September, by invitation of the Department and the Board of Trade, the State Firemen's Association held its annual meeting in Newport and it was one of the most largely attended conventions they have held, and I am satisfied by returns that the town of Newport was benefitted by the meeting. On behalf of the Department, I wish to thank the citizens of the town for their cooperation.

As to the Department, again I can only repeat what I have formerly reported; it is in excellent condition, full of interest, officered in first class condition in all respects and with the qualifications necessary for an organization. No more harmonious organization can be found and loyal to their duty, not only as firemen, but any service that they are called upon to perform and with prompt response.

I wish to give them my unstinted praise and thanks for their promptness, courtesies and cooperation.

GEORGE E. LEWIS, Chief.

AUDITORS' REPORT

We, the undersigned Auditors of the Town of Newport, for the year ending January 31, 1937, have audited as required by the State Tax Commission, the accounts of the Board of Selectmen, Town Treasurer, Tax Collector, Town Clerk, Town Hall Agent, Water and Sewer Commissioners, Cemetery Commissioners and the Municipal Court and find them all to be correct.

JOHN HYATT,
EARLE A. POLLARD,
EDWARD J. MALEY,

Auditors of the Town of Newport, N. H.

For year ending January 31, 1937.

CURTIS C. CHASE

AUDITORS' REPORT

We, the undersigned, auditors of the Newport School District, hereby certify that we have this day audited the account of the Treasurer of said District, and find the same to be correctly cast and properly vouched.

Newport, N. H., July 14, 1936.

JOHN HYATT,
J. R. ROWELL,

Auditors.

We, the undersigned, Auditors of the Newport School District, certify that in the presence of the School Treasurer and members of the School Board, Bonds and Coupons paid during the year were destroyed by burning. The total amount of said bonds and coupons destroyed was Eight Thousand Eight Hundred (\$8,800.00) Dollars.

Newport, N. H., January 25, 1937.

J. R. ROWELL,
JOHN HYATT,

Auditors.

SUPERINTENDENT'S REPORT

To the Newport School Board:

I herewith submit my third annual report as your superintendent.

ENROLLMENT AND TEACHERS

For several years the enrollment in our schools has steadily increased until it now reaches the figure of 1,100. The increase is due to the high school. For the past two years the classes graduating from the Richards School have been unusually large because of the accelerated groups, who are doing three years' work in two. There is an unusually large group of tuition pupils this year, especially in the freshman class. This large enrollment naturally results in crowded conditions. At the high school it is necessary to put home room seats in the science laboratory. The assembly hall is used every period for study pupils so that when an assembly is held, it is necessary to move many seats. The toilet facilities, which were never meant for such a crowd, should be doubled, but there is no room for enlargement. The rooms in the Richards annex, which have to house 45 or more pupils each, are so crowded with pupils' desks that it is difficult to move about the room. The most serious result of the overcrowded conditions is the impossibility of giving individual attention to pupils who really need it.

Some relief was obtained in the first and second grades by placing 10 from the first grade and 12 from the second grade in Miss Heath's room at the Richards Building. She occupies the little corner room upstairs, which formerly served as the superintendent's office.

We are fortunate in having at the Primary School for another year a special teacher, Miss Iris Pohl, who gives individual remedial instruction in reading to children in the first three grades. The value of this special work was fully demonstrated last year. The second grade, for example, in September, 1935, was shown by standard tests in reading to be about one-half a grade, on the average, below the standard. At the end of the year, however, these pupils averaged above the third grade standard. When the same group was tested this fall (in the third grade) the average score in reading was three months above the standard for that time of year. The pupils evidently maintained their ability over the summer vacation.

The second grade children this fall were found to be up to standard in reading. This shows that their regular instruction in the first grade plus the special help had brought them up to grade. Non-promotions in the first grade last year dropped to 13% from 23% the previous year. These good results reflect credit upon the work of the teachers.

It was necessary to employ an additional teacher at the Richards School since the extension of the shop work into high school requires the full time of the shop teacher. He had previously taught other subjects in addition to the shop work. This new teacher, Mr. Malcolm Rowell, has classes in general science and mathematics. He also has charge of the band and orchestra.

COURSES OF INSTRUCTION

This year for the first time woodworking has been offered to the freshman boys in high school. The work is done in the shop in the Richards Building.

Mechanical drawing is offered to sophomores. This has proved to be a popular course, enrolling 33 pupils.

Other courses in mechanic art doubtless should be offered to junior and senior boys, but they cannot be given with our present limited accommodations. If a new building is constructed, there should be rooms which can be used for whatever shop work seems desirable.

The course for automobile drivers is being given again this year. This provides a knowledge of the main features of an automobile and also the rules of the road. This is an extremely practical course because nearly everyone drives nowadays at some time. Those who complete the course satisfactorily are given certificates covering the knowledge acquired. Lessons in actual driving are usually taken by the pupils outside in cars which they provide. It is necessary, of course, to pass the usual examination for a driving license.

At the Richards School, we are trying out this year longer periods for each class. There used to be eight 35-minute periods. We now have six 50-minute periods. The teachers studied this new system carefully under the direction of Mr. Vaughan. The new plan is proving very satisfactory. The advantages are as follows: (1) the pupils study during a part of the period under the direction of the teacher, who is at hand ready to give them any help that is needed. Under the old system pupils studied in the large main room. The teacher in charge would not always be the one who could readily give help in the subject which any given pupil might be studying. It is found that pupils actually get more help because it is available

on the spot; (2) a special study hall is not often needed now since the pupils study in their class rooms; (3) home work is diminished. It is our expectation that the new system will do away with home work almost entirely unless a pupil for some reason falls behind in his work.

I am glad to report that 10 of our 35 teachers attended summer school last summer. Our teachers on the whole are showing a splendid professional spirit in this respect.

EVENING SCHOOL

During the year 1935-36 two classes in English were conducted twice a week for 41 nights for the benefit of residents of foreign origin. The teacher was Miss Catherine Condon. There was a total registration of 34 and certificates for attending two-thirds of the time were given 21 students. The total expense of the evening school for the year was \$126.00 (teacher \$82.00, janitor \$41.00, and books \$3.00). The sum of \$14.41 was taken in for the sale of books, making the net cost \$111.59.

This year similar classes are maintained in charge of Miss Nina Usko. Twenty-five adults have registered.

REPAIRS

During the summer of 1936 the major repairs were as follows:

Richards School

New toilets were installed in the girls' basement, replacing the worn-out equipment, which had been in the building for many years.

The walls and ceilings on the first floor were redecorated. This greatly improves the appearance of the building.

Wired glass was put in the windows adjoining the fire escape. This is required by state regulations as a protection for pupils who might have to use the fire escape as a means of exit. Wired glass was also put in the panels of the swinging doors to guard against possible injuries from broken glass.

Panic bolts were installed on some of the doors. All outside doors are now so equipped.

Most of the blackboards were resurfaced. The boards had become coated with a whitish deposit so that it was very difficult to read anything written on them with chalk.

The attic floor in the east end of the building was insulated with rock wool in order to prevent the cold going through the building. In previous years so much cold penetrated the building that occasionally water pipes would freeze.

Primary School

The walls and ceilings of the corridors were redecorated. The woodwork on the front of the outside of the building was painted. The remainder will be painted during the next summer vacation.

Panic bolts, so called, were installed on the doors so that there will never be any difficulty in opening them.

The old fence around the yard was torn down with the help of the N. Y. A. workers. A new one was erected during the summer.

Towle

No major repairs were necessary last summer. Hot water was installed in the science laboratory and two secondary electric clocks were placed in the assembly hall and the large study hall down stairs.

Guild

This school room had windows on three sides. They were inadequate in size and made cross lights, which prevented pupils from seeing writing on the blackboards. New and larger windows were placed on the entire west side of the room. The seats and desks were turned to face the north side, the windows of which have been boarded up. This change made it necessary to relocate the electric lights. The room is now adequately lighted either by natural light on good days or electric lights on dark days. A new blackboard was placed on the north wall.

The cost of these repairs on the various schools is as follows:

| | |
|-------------------|-------------|
| Towle High School | \$ 203.57 |
| Richards School | 1,608.93 |
| Primary School | 409.75 |
| Guild School | 337.23 |
| North Newport | 13.89 |
| Kelleyville | 15.58 |
| All Schools | 17.97 |
| | <hr/> |
| | \$ 2,606.92 |

CHARACTER EDUCATION

Each year we have tried to have one special topic for consideration in teachers' meetings. This year we are considering character education. The pupils will probably forget many of the facts they study and lose some of the skills they acquire. They will not, however, so easily forget the ideals and attitudes which are developed during their school career. The kind of pu-

pil we turn out is much more important than the subject content he may carry with him. The teachers in each town are meeting by themselves and are studying several professional books dealing with character education according to a prepared outline. In Newport the teachers are meeting once a month in three groups: High School, Richards, and Primary.

ADDITIONAL ACCOMMODATIONS

In accordance with the vote at the last district meeting (March 1936) the School Board appointed a committee of seven citizens to study local school accommodations and make a report at a subsequent meeting. This committee consisted of Charles J. Emerson, Chairman, George A. Dorr, Carroll D. Johnson, Sam. D. Lewis, E. J. Maley, Herbert G. Martin, John W. McCrillis. The committee made a tour of the school buildings in the village and also visited some new schools nearby. The committee was unanimous in its opinion that more room is needed. After considering several plans, the committee voted to recommend remodelling the Richards School to provide more class rooms and adding at the east end a new structure containing a gymnasium-auditorium and rooms for home economics and shop work. The firm of Wells, Hudson, and Granger of Hanover was employed to draft sketches of the proposed remodelling and new construction.

The present roof would be removed and the outside walls would be run up to form a third story with a flat roof. By changing the partitions the building can be readily altered to contain 17 standard size class rooms plus an office for the principal and headquarters for the nurse. Fire-proof stairways would be constructed at each end of the building. There would be rooms for the men and women teachers; also, under the gymnasium, lockers, shower baths and toilets.

The above plan avoids the purchase of extra land and makes use of the boilers which are now in the Richards School. Operating expenses would be less than they would be in a new separate building.

The estimated cost of these building operations is approximately \$135,000. Application for a federal grant has been made.

FINANCES

In regard to teachers' salaries let us consider three questions: Should a town try—or expect—to retain good teachers at salaries which are lower than those paid in most other places? Is it good policy to save money on salaries and as a result have frequent changes in the corps of teachers? Is it

just to ask local teachers, who like to work and live in their home town, to accept smaller salaries than they can receive in many other school systems? If we believe the answer to these questions to be "no," we should arrange to pay at least the average salaries in our own state. There are few better investments, as far as children are concerned, than good teachers. Those of us in charge of the schools feel that the laborer is worthy of his hire. Accordingly, we have allowed in our budget for slight increases to most of the teachers. We do not expect that increases will be granted indefinitely, but we think it is fair to plan to reach the level of the state average. It is hoped this plan will meet the approval of the Newport voters.

Paper products have risen in price this winter. Since paper constitutes an important part of our supplies, it is necessary to allow a larger sum for supplies.

The increase in the item "Other Expenses of Instruction" is chiefly due to exchange of three typewriters, reference books, and music for the band, orchestra, and glee clubs. There has not been any specific sum allowed for such music, but it is coming to be such an important item that allowance is now made for it.

As buildings grow older repairs become more numerous. The sum of \$1,800.00 seems as small an amount as will be adequate. This is only about 2% of the total budget. Repairs this year will cost at least \$1,800.00.

It seems necessary to appropriate more money for the school nurse. The nurse not only serves the schools, but serves as public health worker for the entire population of the town. In performing this service, she has to have the use of an automobile. This has been, in past years, furnished by the Red Cross. The regulations of the Red Cross now do not permit the local chapter to supply an automobile since the nurse is not a Red Cross employee. Transportation will have to be furnished, therefore, by the town which enjoys the service of the nurse. The Newport Public Health Nurse Association is unable with its present income to purchase an automobile and pay the necessary operating expenses. The car now in use has reached a stage where repairs are rather expensive. The directors of the Association feel that there should be a larger income to allow for periodical replacement of the nurse's car. It seems fair, therefore, that the School District should do its share in providing the needed funds.

The total budget is scarcely larger than last year's expenditures and does not exceed the expected expenditures of the

present school year (\$75,836.15). Owing to a larger anticipated income, the appropriation requested will actually be less than that of last March.

The business-like and sympathetic direction of the School Board combined with the harmonious cooperation and effective service of my co-workers have made possible another successful school year. I wish to commend also the good spirit and courteous attitude of the pupils.

Respectfully submitted,

ALFRED W. SMITH,
Superintendent of Schools.

REPORT OF THE HEADMASTER OF TOWLE HIGH SCHOOL

Mr. Alfred W. Smith,
Superintendent of Schools.

Dear Sir:

I respectfully submit the following report:

A. Enrollment, as of January 1.

| 1. By Classes. | 1934-35 | 1935-36 | 1936-37 | 1937-38 (est.) |
|----------------|---------|---------|---------|----------------|
| Grade 12 | 47 | 52 | 68 | 65 |
| Grade 11 | 65 | 82 | 70 | 85 |
| Grade 10 | 87 | 70 | 93 | 100 |
| Grade 9 | 88 | 107 | 113 | 80 |
| | <hr/> | <hr/> | <hr/> | <hr/> |
| Totals | 287 | 311 | 344 | 330 |

2. By Curricula (1936-37)

| | College Prep. | General | Prac. Arts | Com.. |
|----------|---------------|---------|------------|-------|
| Grade 12 | 13 | 37 | 6 | 12 |
| Grade 11 | 16 | 17 | 9 | 28 |
| Grade 10 | 18 | 22 | 20 | 33 |
| Grade 9 | 32 | 28 | 16 | 37 |
| | <hr/> | <hr/> | <hr/> | <hr/> |
| Totals | 79 | 104 | 51 | 110 |

3. Of Tuition Pupils (1936-37)

| | Grade 12 | Grade 11 | Grade 10 | Grade 9 | Total |
|-------------|----------|----------|----------|---------|-------|
| Croydon | 2 | 3 | 3 | 4 | 12 |
| Goshen | 4 | 0 | 2 | 3 | 9 |
| Grantham | 2 | 0 | 2 | 5 | 9 |
| Lempster | 3 | 0 | 2 | 2 | 7 |
| Newbury | 2 | 5 | 3 | 6 | 16 |
| Springfield | 3 | 2 | 2 | 3 | 10 |
| Unity | 2 | 2 | 3 | 5 | 12 |
| | <hr/> | <hr/> | <hr/> | <hr/> | <hr/> |
| Grand Total | 18 | 12 | 17 | 28 | 75 |

B. Attendance

The attendance for the school year 1935-36 was 95.4 per cent, while the average for the state was 95.2. Ten per cent of

the September enrollment withdrew during the year, compared with an average withdrawal of 11.3 per cent for the state. Perfect attendance was achieved by the following pupils for the year 1935-36: Grade 12, Bertha Antilla, Walter Chernouski, Sylvia Jokinen, Aili Peltonen, John Snape; Grade 11, James Hennessey, Hazel Ralston; Grade 10, Rebecca Ahde, Edward Albecki, Mary Anastos, Frances Brill, Norman Douglass, Alec Kischitz, Helen Mansfield, Ellen McAfee, Robert Winn.

C. Scholastic Achievement

1. The results of the examination by the State Board of Education showed the class of 1936 to be slightly above the state median in English forms.

2. Results of the Scholarship Day of May 2, 1936: Tied for first place with Berlin High School in United States History, out of twenty competing schools; second place in Chemistry, out of eleven competing schools; fourth place in French, out of nine competing schools.

3. Final averages in the Class of 1936 indicated three pupils achieving High Honor, (average of 90 or better), ten pupils achieving Honors, (85 to 90), thirteen achieving Merit, (80 to 85), out of a class of fifty-one pupils.

Ten per cent of the pupils of the school failed in one course, five per cent in two or more courses. This is in conformity to the average number of failures occurring in schools of similar size throughout the state.

4. There are forty-five graduates attending institutions of higher learning, distributed as follows:

University of New Hampshire, 13; Keene Normal School, 5; Dartmouth College, 3; Plymouth Normal School, 2; Bay Path Institute, 2; one at each of the following: Worcester Polytechnic Institute, Concord Business College, Austin Cate Academy, Margaret Pillsbury Hospital, Massachusetts Institute of Technology, Mt. Holyoke College, Lewis School, New England Conservatory of Music, Simmons College, Boston University, Maryville, Smith College, Ithaca College of Music, Hamilton College, St. Luke's, Sacred Heart, Boston School of Pharmacy, Concord State Hospital, Georgia Tech, Damford Academy.

Of the forty-five graduates, who are taking post secondary training, ten graduated in the Class of 1936, eight in the Class of 1935, four in the Class of 1934, nine in the Class of 1933 and the remainder prior to 1932.

D. Extra Curricula Activities

1. This year the Student Council has a total of sixteen

subordinate organizations, including two new clubs, the Theta Lambda Sigma Literary Society and the Science Club.

2. The Thirty-Second Annual Fairbanks Junior Prize Speaking Contest was held on May 15, 1936. Eight excellent selections were given. Merton Sayles won first prize for his selection, "The Murderer's Confession," Loui Bonaccorsi won second prize for his selection, "Speech to the Gladiators," and Muriel Bell received honorable mention for her selection, "Ile." The judges were: Mr. Harry B. Preston, Mr. Carleton E. Brett, and Miss Katherine Gage, all of Keene Normal School.

3. The Towle Athletic Association provides and offers pupils participation in six different sports. The problem of financing the various activities is an increasingly difficult one. This year the Athletic Association has been hampered with an increased expense for adequate bus transportation in order to provide safe modes of travel for the athletic teams. This policy seems the only feasible one in the interest of safety, but some financial assistance will have to be provided, if this plan is to be continued year after year. A considerable loss of revenue is also evident at our home contests, due to the inadequacy of the playground. If the playground was properly fenced in, the increased revenues therefrom would substantially assist the athletic program.

Inter-class basketball is being offered for the girls this year, with the possibility that inter-scholastic contests may be arranged in the years to come.

4. This year the facilities for instrumental and vocal music instruction are much more adequate than any previous arrangement that we have enjoyed. Glee Clubs and Choral Clubs are organized under the direction of one instructor, Band and Orchestra groups are organized under another and additional music instruction is being given through Federal assistance under the W. P. A. Program.

E. Administration

1. The Testing Program

Diagnostic and achievement tests have been administered particularly in grades 9 and 12. With the data secured from these tests, constructive changes in content of courses is made. Difficulties revealed in the test are thus remedied within the same school year.

2. Education and Vocational Guidance

Vocational guidance is being provided by individual conference work, as well as through the medium of class instruc-

tion. Educational guidance is being continually provided through assembly programs, speakers, home-room teacher conferences, and conferences with the headmaster.

3. The Marking System

A five point marking scale has been installed to conform with the practice prevalent throughout the state. The passing grade remains unchanged at 70 and one must achieve an 85 average for college certification, as in the past.

4. Professional Advancement

A series of Teacher Meetings has been scheduled for the year, wherein professional and instructional problems are discussed. A program of character education is under discussion in anticipation of a general district meeting later in the year.

F. Housing Facilities

With the continuous increase in the high school enrollment, the problem of inadequate equipment in the physical plant has created many difficult and undesirable situations. The principal difficulties of the present plant are as follows:

1. There is an insufficiency of ordinary classrooms.

The Auditorium had to be converted into a library-study hall in order to utilize the large room on the lower floor. This gives a total of eight rooms where classes may meet in any given period. Such an arrangement has necessitated reducing the number of classes, thereby increasing the sectional enrollment in some instances beyond a point of educational efficiency.

2. The science laboratory facilities have been out-grown.

The benches for experimental work were originally designed to accommodate sixteen pupils. Laboratory exercises become difficult, if not impossible, in view of the enrollment in the laboratory groups, which is as follows: Senior Chemistry, Group I, twenty-one pupils; Group II, nineteen pupils; Biology, Group I, thirty-three pupils; Group II, thirty-three pupils. Physics groups, there are twenty-four pupils. This deficiency is a serious one, inasmuch as the pupils who elect these courses are college preparatory students, who need the science training, or general course students, who gain much practical, useful knowledge from the science work.

3. Commercial room facilities are inadequate.

The growing popularity of commercial training has increased the enrollment in this department to a point where it will become necessary, another year, to limit enrollment in the commercial curriculum, due to the limited number of typewriters and the instructional limit of the school day of seven periods. It is planned that two additional typewriters may be added to the present room by rearranging the positions of the machines,

but the typing classes, if allowed to register freely, would greatly exceed the available number of machines.

4. The Auditorium seating capacity is too small.

For the last three years an assembly of the entire school has necessitated a line of boys, ranging in number from twenty to thirty, standing in the rear of the hall, while those, who are sitting, are crowded in so close to one another, that it is nearly impossible for a pupil to come out of the row without the entire group coming out of the row ahead of him. On occasions when parents and friends attend the assembly programs, the seating problem becomes increasingly acute. The assembly programs are a valuable socializing agency for the school and the facilities should be such that the pupils will get the maximum benefits from them.

5. The Lavatories

The lavatory facilities are adequate for approximately one hundred boys and one hundred girls. Actually we have one hundred and seventy in each group. There are two showers in the boys' basement and none in the girls' basement. The number of lockers in these rooms accommodates approximately one-half the total number who participate in sports and have access to them.

6. Concerning a gymnasium

We are the only school of our size in the state of New Hampshire, which does not provide gymnasium facilities for its high school boys and girls. The program of inter-scholastic sports is continually curtailed and hampered by this condition. The use of the Junior High School hall and the Town Hall as a substitute for gymnasium facilities has proven very unsatisfactory in the past, from the physical education standpoint, as well as administratively. A gymnasium should be connected directly with the high school and available for use during the afternoon as well as evening and under the control of the high school physical education instructors.

This report is not intended to deplore conditions in the school, except that the public should know and understand the handicap of operating an educational plant which has been so badly out-grown. It would seem a very unwise policy for us to sacrifice, through public inertia, the good reputation that our schools have established as a training ground for the young people of this town.

This report would not be complete without mentioning the fine spirit of cooperation and loyalty that is shown by the pupils, their parents and the teaching staff.

Respectfully yours, ERNEST M. PERKINS

REPORT OF SCHOOL NURSE

To Supt. A. W. Smith:

I herewith submit my annual report as school nurse of Newport.

As in previous years, a careful checkup of every child for defective vision, teeth, tonsils, and skin diseases has been made. In such cases as were necessary, teachers and parents have been advised as to the nature and extent of these defects. Corrective measures have been recommended and carried out insofar as possible. Teachers have been advised of all cases of defective vision so that children may be more advantageously placed and cared for in the room. Parents and the Red Cross have been cooperating as heretofore to remove or correct defective teeth. Forty-one children attended dental clinics. Parents and friends in some cases have been caring for defective vision. Tonsil clinics were also held, at which 23 children were treated.

We have had no serious epidemics. Follow-up work has been done insofar as time permitted. It is to be regretted that more time cannot be given to this type of work.

SUMMARY FOR 1935-36

| | No. pupils affected | No. defects corrected |
|--------------------------------|---------------------|-----------------------|
| Underweight (10%) | 41 | |
| Defective vision | 90 | 37 |
| Nervous condition | 2 | |
| Deformity | 2 | 2 (under treatment) |
| Defective teeth | 306 | 420 |
| Diseased tonsils | 32 | 12 |
| Defective speech | 2 | |
| Cases of Communicable Diseases | | |
| Scarlet Fever | | 5 |
| Measles | | 152 |
| Pediculosis | | 31 |
| Skin diseases | | 36 |

Respectfully submitted,

ANNA DONOVAN, R. N.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

NEWPORT SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Newport, in the County of Sullivan, in the State of New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the sixth day of March, 1937, at two o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the coming year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Article 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Article 8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.

Article 9. To see if the District will vote to adopt the recommendation of the School Board regarding the purchase of a tract of land adjacent to the Guild School, appropriate money therefor and pass any vote in relation thereto.

Article 10. To see if the District will vote to assist in furnishing transportation for groups of high school pupils engaged in athletic games out of town at an annual cost not to exceed \$150.00, appropriate money therefor and pass any vote in relation thereto.

Article 11. To see if the District will vote to remodel and make additions to and equip the Richards School, so called, and pass any vote in relation thereto.

Article 12. To see if the District will vote to authorize the School Board to execute any and all contracts and agreements necessary, proper or advisable in connection with the remodeling, making additions to and equipping the Richards School, so called, and pass any vote in relation thereto.

Article 13. To see if the District will vote to raise and appropriate the sum of one hundred forty-five thousand dollars, or such part thereof as may be necessary, for the purpose of assisting in financing the cost of remodeling, making additions to, and equipping the Richards School, so called, and, for this purpose to borrow the said sum of one hundred forty-five thousand dollars, or such part thereof as may be necessary, and issue obligations of the District in the form of serial notes or bonds to an amount not exceeding one hundred forty-five thousand dollars payable exclusively from funds to be raised by taxation; said serial notes or bonds to be signed by the School Board, or a majority thereof, and School Treasurer under the terms and conditions of an Act of the Legislature of 1937, approved January 28, 1937, entitled, "An Act Authorizing the Newport School District to issue serial notes or bonds," and pass any vote in relation thereto.

Article 14. To see if the District will vote to authorize the School Board to make application to the Federal Emergency Administration of Public Works or any other agency of the United States for a grant to be applied in financing the remodeling of said Richards School, making additions thereto and equipping the same, and pass any vote in relation thereto.

Article 15. To see if the District will vote to authorize the School Board to accept, on behalf of the District, any or all offers made by the Federal Emergency Administration of Public Works or any other agency of the United States, and to execute and deliver in the name and behalf of the Newport School District any and all contracts, agreements or documents neces-

sary, proper and advisable for the purpose of obtaining a grant from the Federal Emergency Administration of Public Works or any other agency of the United States, and pass any vote in relation thereto.

Article 16. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 18th day of February, 1937.

JOHN J. CONDON,
L. JOSSELYN YOUNG,

School Board.
